Starter Frequently Asked Questions (FAQ's)

Getting Started with Editing Your Website Template For Your Club/League

1. Pay Your Premium For Your Website Template Before You Start

- ☐ You will receive an email from Cricket Australia with the link to the template
- ☐ Click on The Link and login to our WIX Sign-in details (that you have created on the onboarding process).
- ☐ Once you have signed in click on your copy of the website template for your club/league and you will arrive in your website dashboard.
- ☐ Go to Upgrade Button on Top Menu and follow the instructions to pay for your premium for your website - Options are “Business” or “Core” Premium plan.
- ☐ **See Video Instructions (3.32min) : Pay Premium For Your Website Site**

2. Set Up Your Domain For Your Website Before You Start

- ☐ The domain name is your URL or your address on the worldwide web, example > https://www.orangecymscricketclub.com.au/
- ☐ There are 4 different scenarios for domain set up:
  - ☐ **Scenario 1: You have a current domain and it is hosted by Interact Sports** and you want to keep the same domain for your WIX website. You will go through the domain transfer process with the steps below:

    1. Cricket Australia Customer support team will provide your organisation’s Domain Name Password along with the template.

    2. You would need to setup an account with domain name provider – Wix

    3. With Wix, you need to request a Domain Name Transfer, where you will be asked to provide the Domain Name Password given by the CA support team in step 1.

    4. Once the transfer is complete, the domain needs to point to your new Wix website.

- [ ] **Scenario 2:** Your domain is hosted by Cricket Australia ie. [club/association_name].[state].cricket.com.au

  1. Get a custom domain from Wix and connect it to your new WIX website (View video (1min) Wix domain setup process.

  2. Once connected, reply to Cricket Australia on the original ticket providing your new Wix domain name.

  3. Cricket Australia will then redirect your MyCricket domain pointing to your new Wix website.

- [ ] **Scenario 3**: Your domain is hosted with a Third Party Provider (e.g. Godaddy, Crazydomains), you have two options available.

  1. Option 1: You can transfer your domain to WIX to host by following the steps in this link here. Guided step by step instructions on how to do it.

  2. Option 2: If you want to keep your domain hosted with your current provider and connect it to your new WIX website then follow the guided steps in this link here

- [ ] **Scenario 4**: You don't have a website and therefore no domain.

  1. Get a custom domain from Wix and connect it to your new WIX website

  (View video (1min) Wix domain setup process.

3. How To Access Your Website Template and Start Editing.

- [ ] Once you have signed in click on your copy of the website template for your club/league. A window will open with a button "Go to your dashboard" - Click This Button to Access your Dashboard.
- [ ] View video below to open your website template to start editing & creating your club/league's website.
- [ ] **See Video Instructions (0.32min): Accessing Your https://wix.hubs.vidyard.com/watch/ocF5PaKjDT1mqskDeuHw1J?Website Template**

3.1 How To Add Additional People To Access and Work On Your Website

- [ ] Do you have other members of the club that will be working on the site with you? This video will show you where you can manage roles and permissions for people you collaborate with to access the website.
- [ ] **See Video: How To Add People To Access And Work On Your Website**
- [ ] Here is a detailed link to more information on the types of roles you can offer to people who collaborate on your website.

4. Finding Your Logo Colour Codes To Set Website Theme

- [ ] You will need the theme colour code for your club/league logo to set the colour theme for your website.
- [ ] If you do not have the theme colour code, you can find it by using this free tool: Go to Link: https://www.canva.com/colors/color-palette-generator/.
- [ ] **See Video Instructions (0.43min): Logo Colour Code To Set Website Colour Theme**

5. Setting Your Site Colour Theme Based On Your Club/League Logo

- [ ] You will need your theme colour code found in step “2” above.
- [ ] Go into your site and edit your site theme colours.
- [ ] **See Video Instructions (3.55min): Set Your Website Theme Colours To Club/League Logo**

6. Start Editing Your Website Homepage

- [ ] Now that you have set your site theme colours now we can start editing the content and images to customise the template for your website.

6.1 Upload Your Logo On The Homepage Of Your Website

- [ ] Have your logo file ready to upload to your site.
- [ ] See Video Instructions (4.56min): **Upload Logo to Homepage Header**

6.2 Editing Your Homepage Welcome Image & Text

- [ ] Next, we are going to edit the HomePage Welcome Image and Text on the website
- [ ] See Video Instructions (8.60min): **Editing Your Homepage Welcome Image**

6.3 Editing The Instagram Feed On Your Homepage of Your Website

- [ ] This section was built as a quick way to use your Instagram feed as a way to highlight the latest news on your club/league - without having to have a News Feed Blog section on the website.
- [ ] **If you have an Instagram Account - See Video instructions here: Home Page Instagram Feed**
- [ ] **For those of you that have a facebook account only and do not have an Instagram**, the social feed in this section cannot pick up the facebook posts. But if you want to be able to easily manage your news with social posts via facebook. **Your Options are:**
    1. **Set up A Linked Instagram Account:** You can easily set up an Instagram account that mirrors your facebook posts (this means you can continue to use the Facebook app to post your updates as usual, but once you create a "linked Instagram" account all the Facebook posts will automatically post on Instagram and therefore will feed to the website. Instructions Here - Set Up Linked Instagram account to your Facebook Account.
    2. If you rather not have an instagram account you can go and delete this section from the home page of your website and use the News Feed Blog section to share the latest news instead.
        - [ ] **Delete Home Page Instagram Feed Section- See Video Instructions here Cricket - Delete Instagram Feed On Home Page**

6.4 PlayHQ - Homepage Fixtures and Results For Your Club/League (No Edit Required)

- ☐ When you receive your template from Cricket Australia, all the pages that are linked to PlayHQ for the fixtures and results for your club/leagues have already been set up by Cricket Australia so **you do not have to have to edit anything on this section of your homepage.**
- ☐ **See Video Instructions Here (1.20min): Fixtures & Ladder - No Need To Edit - FYI only**

6.5 News Feed From Latest Blog Posts on Homepage

- ☐ **No Edit/No Action** is required in this section as it feeds from the "News Page" - you will see more instructions when you will be editing this section later in the process of updating your website.
- ☐ **See Video Instructions Here (1.19m): Cricket - Latest News Feed From Blog Post Updates**

6.6 Editing Sponsor Section on Homepage of Your Website

- ☐ On your homepage you have the opportunity to feature your top sponsors of the club/league.
- ☐ Make sure you have your sponsor logo in square format jpg or png file. Email them and request the logo come in a square crop version of their logo so it makes it easier for you to add to the website. They will often have variations of their logo for this exact purpose, so please request it from them to save you the time and also having their logo appear as they would prefer for their own branding purposes.
- ☐ **See Video Instructions Here (5.12m): Cricket - Sponsor Section On Home Page**

6.7 Editing the Website Footer On The Homepage

- ☐ There are only two simple edits on this section as the template has set up everything else.

- [ ] Here you will need the URL of your facebook for the club and URL for the Instagram Account for the club (if you have them)
- [ ] **See Video Instructions Here (2.27m): Cricket - Editing The Website Footer On The Homepage**

7. Start Editing Your Website “About Us” Page
